Valley View Nursery

Evergreen Park, Illinois

Roses

Kaiserin Auguste Viktoria:

A large double white rose. Fragrant and productive.

Luxembourg: A glorious coppery yellow. Profuse bloomer.

Mrs. P. S. Dupont: Red-gold buds. Golden fragrant flowers.

Pink Dawn: Flowers clear rose pink. Fragrant.

Poinsettia: Fire-red. Similar to Xmas plant.

Herbert Hoover: Two-tone. Flame-scarlet and orange.

Condesa De Sastago: Pure gold and coppery red.

Editro McFarland: Fine pink with lighter edges.

Radiance: Most dependable rose in America. Loads of large globe-shaped cameo-pink flowers. Very fragrant. Thrives and flowers in all parts of the country.

Red Radiance: Similar to Radiance in every way but color. This is a deep even rose red.

Talisman: Most famous of the two-toned roses. A glorious combination of golden-yellow and copper. Many fragrant flowers are produced all season.

The Doctor: Immense flowers of a sparkling iridescent pink. Flowers are graceful and intensely fragrant. Considered one of the greatest roses.

Climbing Roses

Climbing American Beauty: A tall growing form of the famous rose.

Silver Moon: Large white flowers. Finest of the large white climbers.

Paul's Scarlet Climber: A tall climber with clusters of intense scarlet flowers. Each cluster lasts for several weeks as the buds open. One of the most widely admired roses. One plant will make a spectacle of glorious color.

Dr. W. Vanfleet: Large flesh pink flowers on long stems that are the rival of the bush roses. Excellent for cuttings. Fragrant.

Polyantha Roses

Gloria Mundi: A striking orange-scarlet color that seems to glow.

Else Poulsen: Large semi-double flowers are an exquisite rose pink and fragrant.

Poulsen's Yellow: True yellow, double fragrant flowers with tints of carmine at base.

Prices On All Roses

	Each	Three	Six	Twelve
Best quality, 2 yr. old bushes (delivered)	\$1.00	\$2.85	\$5.65	\$11.00

Austrian Copper Rose

One of the most striking roses grown and one of the oldest. This has been cultivated since 1596! The large single flowers are a bright coppery red on one side of the petals and a bright golden yellow on the other. The oldest and most striking two-toned rose. The plant has small glossy leaves and graceful stems. Most distinctive and desirable of shrub roses. Flowers are very early and create a spectacle of beauty.

Two year old plant \$1.25 each, 3 for \$3.50 delivered.

Everblooming Roses

American Beauty: The most famous rose in America. A beautiful deep red with long pointed buds and long stems. One of the best.

Caledonia: A large snow-white fragrant rose. The long pointed buds are formed continuously during the summer. Very hardy and free flowering.

E. G. Hill: A vigorous double rose with long graceful buds. The color is a dazzling scarlet. One of the most popular.

Edith Nellie Perkins: A lovely two-toned rose in pastel shades. The inside of the petals are a delicate salmon pink while the outside are deep pink with gold shadings.

Golden Charm: A rose with all the fine points of the famous Talisman but in a clear shade of golden yellow

Evergreens

Seedlings: Nice husky young plants two years old and from 3 to 6 inches high. Ideal for starting your own hedge, windbreak, woodlot, or for growing into specimens.

Balsam Fir: Graceful and fragrant. Fine for Xmas trees.

American Arbor Vitae: Tall, erect with flat foliage. White cedar.

Ponderosa Pine: A quick growing rugged pine.

Colorado Blue Spruce: Seedlings from good trees. Colorful.

Black Hills Spruce: A compact, graceful evergreen. Fine shape.

Norway Spruce: The common one. Rapid grower and hardy.

Mugho Pine: The true dwarf pine from the Alps.

Sold in bundles only. 10 for \$1.00, 25 for \$2.25, 50 for \$4.50, 100 for \$6.50, 500 for \$28.00, 1000 for \$50.00.

Transplants: Nice young plants that have been grown for several years in the nursery and have developed the characteristics of the plants. Plants are 6 to 12 inches tall, and symmetrical.

Pfizers Juniper: Feathery foliage, spreading. For foundations, etc.

Irish Juniper: Tall and spire-like. Good for cemeteries, accents.

Pyramidal Arbor Vitae: Conical white cedar.

Globe Arbor Vitae: Compact ball. Flat foliage.

Creeping Juniper: Feathery foliage hugging the ground.

Blue Spruce: Excellent for specimens.

Each \$1.00, 2 of a kind \$1.80, 5 of a kind \$4.50. Delivered.

Windbreak Special: Black Hills spruce 8-10 inches high. Nice size for planting out.

10 for \$4.00, 50 for \$15.00, 100 for \$30.00 Delivered.

Seedling Special: Norway Spruce, Colorado Spruce, Ponderosa Pine.

Two year, 3-6 inch size. 10 of each, 30 plants for \$1.50. 5 of each, 15 plants for \$1.00 Delivered.

Flowering Shrubs

Hydrangea P. G.: The famous old hydrangea that is unexcelled for showy summer effect when grown as hedges, specimens, or in shrub borders. The large clusters of pinkish flowers appear in summer and gradually change to bronze in fall.

Two year plants, delivered, 95c each, 3 for \$2.69, 6 for \$4.95.

Flowering Almond: Double pink flowers along the slender stems in earliest spring. A universal favorite. Grows to five feet in height.

Two year plants, 1½-2 feet high, delivered, 75c each, 3 for \$2.15.

Flowering Quince: Scarlet apple blossoms cover the stems before the leaves. Plant is erect with dark shiny stems and glossy leaves. Grows to 8 feet. Very showy.

Two year old plants, delivered, 65c each, 3 for \$1.89, 6 for \$3.50

Golden Bell: Earliest of spring shrubs. Bright golden flowers cover the branches sometimes in late snows. Attractive toothed leaves cover the plant in summer. Excellent in foundation plantings.

Two year old plants, delivered 65c each, 3 for \$1.89, 6 for \$3.50

Persian Lilac: A beautiful lilac with the color and fragrance of the familiar old lilac but with smaller foliage and blooming when quite small. Plant this and enjoy lovely lilacs within a year or two.

Two year old plants, delivered, 79c each, 3 for \$2.25, 6 for \$4.30

Mockorange: Large waxen blossoms with the fragrance of orange blossoms cover the plant in late spring. Medium tall spreading shrubs, excellent for tall screens and around porches. Two excellent varieties.

Sweet mockorange, flowers are single, bush is tall. Each 65c, 3 for \$1.89

Virginalae, flowers double, medium bush, some fall bloom. Each 95c, 3 for \$2.69

Beauty Bush: Arching branches become a fountain of pink flowers in June. Very graceful and beautiful. Flowers are miniature trumpets.

Two year plants, delivered. Each 95c, 3 for \$2.65

Weigelia: Spreading bushes with dark green foliage and fine trumpet-shaped fragrant flowers in June. Very hardy and showy. Select from two fine kinds.

Pink. Two year plants, delivered, each 65c, 3 for \$1.89

Red. Two year plants, delivered, each 95c, 3 for \$2.69.

Pussy Willow: Large fuzzy catkins in late winter on attractive shrubs. Easily grown and very showy. White catkins expand into golden yellow masses when left on plant. Plant several for a good supply of branches for the house.

Two year plants, delivered, 65c each, 3 for \$1.89, 6 for \$3.50

Rose of Sharon: A large shrub that has brilliantly colored large flowers in late summer and continuing to frost. Provides flowers when most shrubs are out of bloom. Use for hedges, in shrubberies, or as specimens in lawn. Glossy lobed leaves are attractive at all seasons. Choice of four brilliant colors.

Vivid red, bright rose pink, royal purple, snow white. State color.

Two year old plants, delivered, each 65c, 3 for \$1.89, 6 for \$3.50

Barberry: For effect and usefulness the barberry has no equals. Small bright green or red leaves, bright red berries for winter color, and slender spiny branches make this one of the best shrubs for use in hedge or as barriers along walks or as low shrub in foundation plantings. Hardy, drought resistant and dense growth.

Thunbergi, the common greenleafed variety, 18-24 inch, 65c each, 3 for \$1.89.

Red leafed. Dark red foliage all season. Excellent for contrast.

Two year plants, either variety, 15-18 inches high, 85c each, 2 for \$1.60.

Bridal Wreath: Nothing equals the snowy arching branches of the Bridal Wreath when the clusters of tiny flowers open in spring. Effective in masses, as hedges, or in group plantings, but best as a solitary specimen.

Two year plants, delivered, 59c each, 3 for \$1.65, 6 for \$2.95

Spirea Froebeli: The dwarf red spirea. Used for low edging, hedges, and as solitary plants for the flat clusters of red flowers that bloom all summer. Similar to Anthony Waterer but a deeper color.

Two year plants, delivered, 65c each, 3 for \$1.89, 6 for \$3.50

Butterfly Bush: Sometimes called Summer Lilac as the long spikes of intensely fragrant flowers have a striking resemblance to lilacs. Butterfly bushes grow to about five feet high and keep flowering all summer and fall. Excellent for bouquets as well as a summer garden plant. May be cut to ground yearly and grown in perennials garden. Two of the newest varieties:

Charming. A lovely pink variety that is such a sensation.

Dubonnet. Beautiful reddish purple like rich wine.

Strong roots, delivered, each 65c, 3 for \$1.89, 6 for \$3.50

Crape-Myrtle: A lovely tall shrub widely planted in the south but may be grown farther north if cut back and mulched during winter. Blooms on new stems. Very showy during summer when clusters of fringed or crinkled flowers appear.

Four vivid colors are available. **pink, red, purple, white**

Two year old plants, delivered, 65c each, 3 for \$1.89, 6 for \$3.50

Bush Honeysuckle: For tall hedge, screens, low windbreaks or wherever a large shrub is needed. Plants are bushy, with small leaves and tiny flowers. Berries attract birds. Rapid growing and dependable. Pink or red flowers.

Two year plants, delivered, 65c each, 3 for \$1.89, 6 for \$3.50

Tamarix: This is the everblooming tamarix. Foliage is feathery and silvery-blue. Small deep pink flowers appear on the ends of the branches and add a feathery lightness to the plant, during summer and fall. Extremely useful to lighten up coarse planting or to create an airy effect.

Two year plants, delivered, 65c each, 3 for \$1.89, 6 for \$3.50

Lilies

Coral Lily: A gem of a lily!

Foot high graceful plants have several brilliant red three inch flowers in spring. Most graceful and brilliant of the lilies. Excellent for rock gardens, edges of walks, and other places where a low plant is desired. Easily grown, hardy, and sure blooming.

Blooming size bulbs (delivered) 50c each, 3 for \$1.35.

Regal Lily: Most popular lily. Large white fragrant trumpets tinged with pink outside and a golden throat. Thrives in most gardens. Does well in any good soil and in all climates. Should be in every garden.

Blooming size bulbs (delivered) 30c each, 6 for \$1.35.

Sunset Lily: A marvelous western lily that is hardy all over. A tall lily with large flowers of fiery sunset red, blending into a golden center. Dark brown flecks on the recurved petals add to the beauty. Blooms in July.

Blooming size bulbs (delivered) 60c each, 2 for \$1.00.

Centifolium Lily: A large white lily for mid-summer bloom. The trumpets are pure white with a few faint lines on the outside. Not particular as to soil. Plant bulbs about 8 inches deep. A new and fine lily for garden or cutting.

Blooming size bulbs (delivered) 60c each, 2 for \$1.00.

Croft Lily: A hardy strain of the common Easter lily. Blooms in mid-summer in the garden. Developed from garden plants of the Easterlily and found dependable in most gardens.

Blooming size bulbs (delivered) 50c each, 3 for \$1.35.

Oriental Iris

Oriental Iris have been called hardy orchids because of the showy flowers and rich velvety colors. They are easy to grow in any good garden soil. Plenty of moisture should be applied during the flowering period in early summer. The blooms are flat for an iris and may reach the size of a dinner plate.

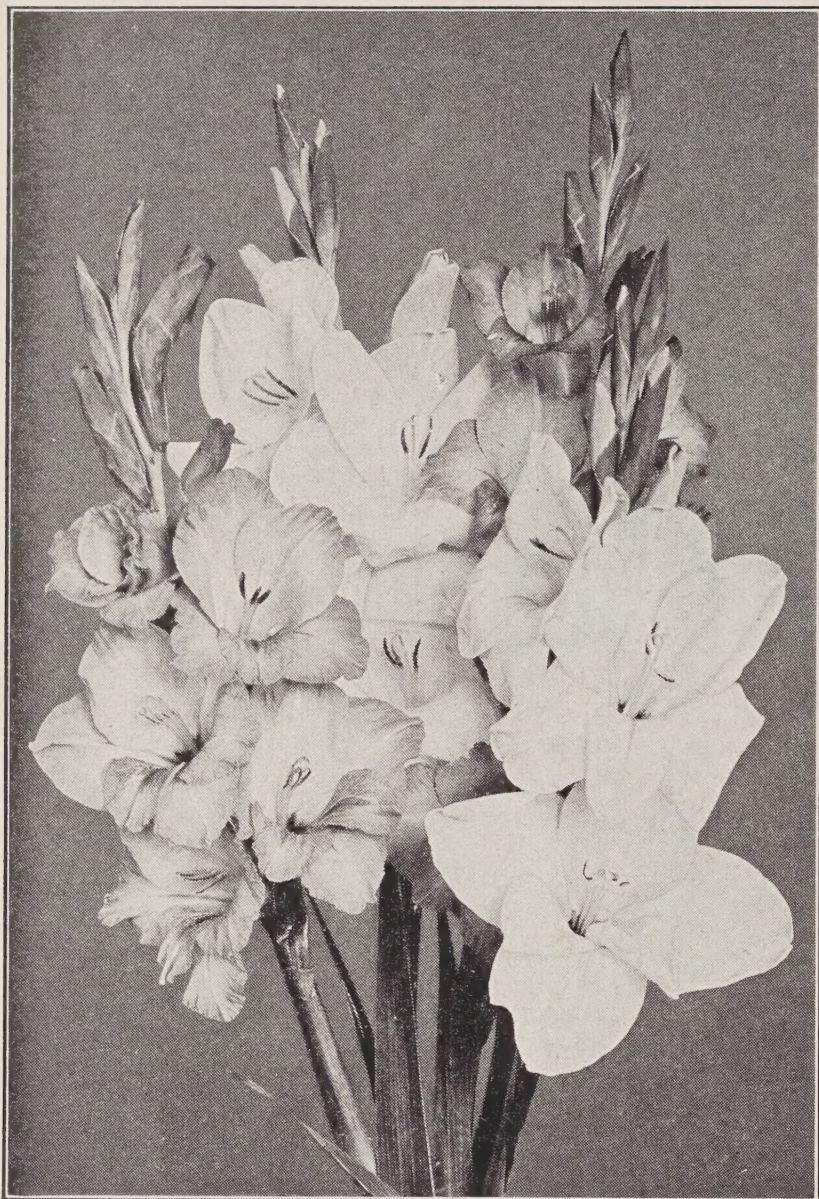

Purple and Gold: Double rich dark purple with golden throat. Very beautiful.

Hercule: Double, lovely lilac-blue. Large flowers.

Patrocle: A superb dark violet. The large flowers are single.

Pluton: A mahogany red. An unusual color. Very rich. Single flowers.

Each 50c, 3 for \$1.40, postpaid.

Gladiolus

Beacon: Brilliant vermilion scarlet with yellow throat. Mid-season.

Blue Beauty: A fine medium blue with darker edges.

Corona: Creamy white with deeper throat and rosy flecks at edge.

Dr. F. E. Bennett: One of the best reds. Brilliant.

Dream O' Beauty: American Beauty red. A strong grower.

King Lear: A large ruffled purple. A beautiful flower.

Maid of Orleans: A glorious pure white.

Margaret Fulton: A fine clear dark salmon.

Miss Bloomington: Glorious yellow.

Picardy: Famous huge shrimp pink.

Rosa Van Lima: A lovely light rose.

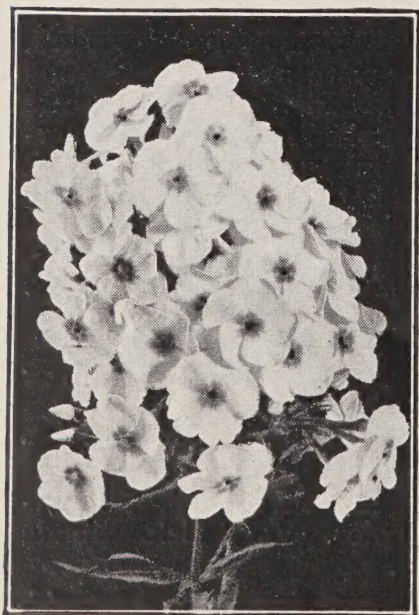

**Number 1 best grade bulbs
Delivered:**

Columbine

A favorite for early spring bloom. Lovely long spurred graceful flowers. This is the famous Mrs. Scott Elliott hybrids, which are considered to be the choicest. Mixed colors.

Nice plants, delivered, 2 for 69c, 6 for \$1.95, 12 for \$3.59

Phlox

San Antonio: A large new variety with brilliant carmine flowers having deeper plum-red shadings.

Chieftain: A bright crimson phlox with large heads.

Daily Sketch: A very large flowering phlox, lovely salmon pink deepening into a vivid crimson eye.

Lillian: One of the most beautiful of all phlox. Clear cameo pink with a faint bluish eye.

Prime Minister: Large white flowers with a vermilion eye.

Marie Louise: A very large variety of purest white. Considered the best pure white grown.

Royal Purple: A rich purple with a rose-violet eye. An outstanding purple variety.

Phlox prices. Nice blooming size plants (delivered)
39c each, 3 for \$1.10, 6 for \$1.95.

Hardy Chrysanthemums

Double Varieties

- Alabaster:** A large pure white early flowering variety. Excellent for white flower.
- Eugene Wander:** A large golden yellow flower. Considered to be the best of the golden kinds.
- Red Velvet:** A beautiful velvety crimson of richness and warmth. Large flowers.
- Indian:** Fiery coppery-red flowers and long stems make this a striking one.
- Pygmy Gold:** A small golden button type. Excellent for use in bouquets, corsages.

Single Varieties

- Ceres:** Yellow and old gold shadings on the petals of this fine variety.
- Daphne:** A beautiful clear pink daisy-like flower.
- Sappho:** Early blooming and clear yellow. Very attractive.
- Nice plants that will bloom this year (delivered) 39c each, 3 for \$1.10, 6 for \$1.95

Cannas

- Cheerfulness:** Green foliaged plants to 4 feet in height. Flowers are bright red with a yellow edge or margin. Very striking.
- City of Portland:** Large green leaves and a slighter shorter plant, about 3½ feet. Flowers are a shiny watermelon pink. Finest of the pink cannas.
- Eureka:** Green leaves and large pure white flowers about 4 feet high. Excellent for contrast and effect.
- King Humbert:** Bronzy foliage and a tall plant about 4 feet high add to the striking orange-red color of the huge flowers.
- King Midas:** Green leaves and a 4 foot plant. Flowers are a canary yellow and very showy.
- The President:** One of the best red cannas. Plants have green foliage and grow to 4 feet. Glowing scarlet flowers are among the most brilliant flowers.
- Yellow King Humbert:** A 4 foot plant with green foliage. Large golden flowers are flecked with red spots. Showy and distinctive.

	Three of a kind	Six of a kind	Twelve of a kind
Nice tubers with 2-3 eyes (delivered)	59c	\$1.00	\$1.89

Lythrum

Tall growing with long spikes of rosy pink flowers from July on. Fine for garden show or cutting. Will grow in damp spots. Fine for summer color.

Strong roots, 2 for 69c, 6 for \$1.95 (delivered).

Asters

FOR showy autumn beauty the fall asters have no rivals. Tall plants about four feet high are crowned with huge clusters of large daisy-like flowers.

Blue Gem: A large flowered deep blue kind.

Red Cloud: Lovely rose-red. Brilliant.

Sunset Pink: A clear medium pink, that does not fade.

Lilac Time: Beautiful flowers of a soft lilac color.

St. Egwin: Soft pink. Plants are compact.

Nice plants (delivered) 39c each, 3 for \$1.10, 6 for \$1.95

Shasta Daisy

A very large pure white daisy that is long blooming and fine for cutting. This is the variety Alaska which is one of the largest of all.

Nice plants, delivered, 2 for 69c, 6 for \$1.95, 12 for \$3.59

Carnation

A fine hardy carnation that is large and deep red. Flowers are produced all summer from the clump of narrow bluish leaves. Fragrant. Does best in light shade.

Nice plants, delivered, 45c each, 3 for \$1.29

Daylilies

Mikado: A tall grower with rich orange flowers and a red throat.

Gold Dust: Early, bright yellow, medium height.

Sovereign: A short, June blooming variety. Flowers are chrome yellow.

Florham: Early flowering. A rich golden yellow.

Nice plants (delivered) 2 for 69c, 6 for \$1.95

Iris

HARDY garden iris are too well known to need introduction. Four fine kinds to select from.

Leota: A large showy white variety.

Mother of Pearl: Exquisite lavender-blue flowers.

Purple Queen: A rich royal purple.

Rose Way: A fine rose pink that is not common in iris.

Strong roots, delivered, 2 for 49c, 5 for 98c

Baby's Breath

Small white flowers on a tall branching stem give a misty effect. Excellent in bouquets. May also be dried for winter use.

Nice plants, delivered, 2 for 69c, 6 for \$1.95, 12 for \$3.39

Red Hot Poker

Brilliant orange tubular flowers in a compact spike in summer and fall. Plant in sun and protect roots in winter, in severe climates.

Strong roots (delivered) 2 for 69c, 6 for \$1.95

Perennial Specials

Delphinium: The tall stately spikes of the delphinium have no equal in the garden. Lovely shades of blue and mauve and tightly packed spikes of flowers are superb for garden effect and for cut flowers. These plants are the famous Pacific strain which has the largest and best flowers and the finest colors of all commercial strains.

Nice plants (delivered) 39c each, 3 for \$1.10.

Bleeding Heart: This is the famous old fashioned bleeding heart with the large red and white flowers. Excellent for shady spots. Easily grown.

Strong roots (delivered) \$1.00 each, 2 for \$1.85

English Violet: Sweet-scented large violet-blue flowers. Long blooming, and thriving in shady spots. Glossy heart-shaped leaves are fine for groundcover all season.

Nice plants (delivered) 2 for 69c, 6 for \$1.95, 12 for \$3.59

Perennial Sweet Pea: This is a large vine that comes year after year and produces large pea-shaped flowers all summer and fall. The flowers are large and showy but lack in fragrance of the annual kind. Excellent on fences, trellises, and as a background for other perennials. Useful for bouquets.

Nice plants (delivered) 2 for 69c, 6 for \$1.95, 12 for \$3.59

Lily of the Valley: Unrivalled for fragrance. The waxy bell-shaped flowers have one of the sweetest odors known. Very useful around house foundations or in shady places. Oval leaves provide excellent groundcover. Very adequate, spreads easily.

Clumps of 5 pips (delivered) 2 for 69c, 6 for \$1.95, 12 for \$3.59

Peonies. Nice divisions that will take hold and make fine plants. Two fine varieties

Edulis Superba, a lovely old rose pink, and **Felix Crousse**, a brilliant crimson. State choice.

Each \$1.00, 3 for \$2.85 Postpaid.

Rose Mallow: Large colorful flowers on tall stalks in late summer and fall.

Strong roots 2 for 69c, 6 for \$1.95. Delivered.

Flowering Trees

FOR beauty in the garden, nothing takes the place of flowering trees. Rising above the shrubs these plants give height and color and in many cases add fine foliage effects after flowering.

Bechtel's Double Flowering Crab: Most famous of the flowering crabapples. Flowers are large, appleblossom pink, double, and fragrant. Has all the color and fragrance of the native wild crabapple with larger and showier double flowers. Very hardy and easily grown. Grows to about 12 feet high.

Fine 2-3 foot trees (by express collect) \$1.50 each, 2 for \$2.85

Eley's Crab: An unusual Oriental crabapple that is fine for landscape use. In spring the plant has loads of bright red single flowers. The young leaves are red in spring and gradually change to a bronzy green that is excellent for foliage contrast. Outstanding at all seasons.

Nice 3-4 foot trees (by express collect) \$1.50 each, 2 for \$2.75

Hopa Crab: A showy and hardy crabapple from the Dakotas. This was developed for beauty and use. In spring the tree is covered with bright pink fragrant flowers. In fall the bright red showy fruits are attractive, and useful for jelly.

Nice 3-4 foot trees (by express collect) \$1.50 each, 2 for \$2.75

Rose Tree of China: Also called Flowering Plum. A glorious small tree with double pink flowers covering the branches before the leaves. Resemble tiny roses. One of the earliest of spring flowers. Leaves are lobed and a bright, lively green color that brightens a garden the whole season. Sure to be a sensation.

Fine 3-4 foot plants (by express collect) \$1.75 each, 2 for \$3.19

Flowering Peach: Peach trees are always showy when in flower, but these have much larger double flowers and much clearer vivid colors that are spectacularly beautiful. Similar to the common peach in growth and appearance during the summer.

Burbank, Clear pink buds opening into dazzling white flowers.

Camelliaflora, Striking flaming scarlet buds and flowers.

Fine 3-4 foot trees (by express collect) \$1.50 each, 2 for \$2.75

Hedges and Windbreaks

Chinese Elm: Hardy, quick growing, and drought resistant, this small-leaved elm may be trimmed into any size from a low hedge to tall screens or windbreaks.

12-18 inch size (delivered) 25 for \$1.00, 50 for \$1.75, 100 for \$3.25

Russian Olive: Narrow, gray leaves, exceptional drought resistance and compact growth are the features of this small tree.

12-18 inch plants (delivered) 25 for \$2.00, 50 for \$3.50, 100 for \$6.50

Privet: Amur River. The hardiest and most widely used of the hedges.

1½-2ft. , 12 for \$3.00, 25 for \$5.50, 100 for \$20.00. Delivered.

Japanese Barberry: Unexcelled for a low thorny hedge.

4-8-inch seedlings 10 for \$1.00, 50 for \$3.50, 100 for \$5.00. Delivered.

Highbush Cranberry: A tall coarse shrub for windbreaks, bird refuge, screens, etc.

3-6-inch seedlings 10 for \$1.00, 25 for \$1.50, 50 for \$3.00. Delivered.

Hard Maple: A splendid tree for windbreaks, reforestation, landscaping.

1-1½ foot, 10 for \$1.50, 50 for \$5.80, 100 for \$10.00. Delivered.

Shade Trees

Globe Locust: A fine globe-shaped tree that needs no trimming. Graceful ferny foliage and round habit of growth make this very desirable for formal use.

Trees with 6 foot stems, each \$3.95, 2 for \$7.50. Express collect.

Cutleaf Weeping Birch: One of the most ornamental trees. Bright green lobed leaves on slender drooping branches are light and graceful in summer. Snow-white bark is showy during the winter. Universally admired.

Nice trees 5-6 feet high (by express collect) \$3.00 each, 2 for \$5.50

American Elm: Our most magnificent shade tree. Tall straight trunk unfolds into a glorious umbrella top. Excellent for yards, streets, parks.

Trees 6-8 feet tall (by express collect) \$1.50 each, 2 for \$2.75

Lombardy Poplar: The spire of the tree world. Excellent for accent in the landscape. Tops for tall screens and windbreaks. Fast grower.

Young trees, 5-6 ft. high (by express collect) 59c each, 2 for \$1.10

Weeping Willow: A large fast growing tree with narrow light green leaves and long slender drooping branches. A fountain of foliage. Will grow in damp spots as well as dry ones. Marvelous for landscape use to lighten up darker foliage and heavy lines. Attractive in all sizes. Very effective near pools and streams.

Nice trees 5-6 feet high (by express collect) \$1.15, 2 for \$2.19

Golden Weeping Willow: A beautiful form of the weeping willow with all of the picturesque qualities and in addition the bark on the young branches is golden yellow and very showy in spring.

Nice trees 5-6 feet high (by express collect) \$1.15 each, 2 for \$2.19

Vines

Wisteria: This is the long-clustered fragrant purple wisteria that has proved to be most popular. Grown especially from blooming stems so that flowers will be produced soon.

Two year plants, delivered, 79c each, 2 for \$1.50

Trumpet Vine: The large showy orange and red trumpets are familiar sights on stumps and buildings in most parts of the country. Blooms in late summer.

Two year plants, delivered, 69c each, 2 for \$1.25

Bittersweet: A fine twining vine with attractive glossy foliage. The bright orange and scarlet fruits are showy in the fall and widely used in winter bouquets.

Two year plants, delivered, 79c each, 2 for \$1.50

Silver Lace Vine: A rapid growing vine that shoots up from the ground and grows to fifteen feet or more each year. In summer and fall thousands of tiny white flowers give a lacy appearance. Excellent for arbors and porches.

Two year plants, delivered, 89c each, 2 for \$1.65.

Goldflame Honeysuckle: Large trumpet-shaped flowers golden inside and crimson outside. Everblooming from spring to frost. Plant so that the fragrance may be enjoyed. The plant has attractive blue-green leaves. It may be grown as a vine or trained into a bush. One of the finest of all honeysuckles.

Nice plants, delivered, \$1.00 each, 2 for \$1.75

Grapes

Agawam: A fine mid-season reddish-brown grape. Large berries, are tender with a spicy flavor. This has been one of the leading red grapes for years. Vines are vigorous and productive.

Catawba: Best known of the late red grapes. Large dark red berries of fine flavor and abundantly productive. Clusters are large and freely produced.

Niagara: Frequently called the white Concord. It has the same size and shape and the same ripening season. The berries are greenish white and ripen to a pale yellow. One of the most widely planted white grapes.

Prices of the above varieties

	1-4	5-9	10 and up
2 year vines, delivered.....	40c each	35c each	32c each

Concord: Most famous of the American grapes. Large blue berries with a tough skin and delicious white pulp. Fine for pies, jellies, juice, and good for eating too.

	1-4	5-9	10 and up
2 year vines, delivered	35c each	31c each	28c each

Seedless Concord: At last! A grape without seeds. No longer do you need to bother with seeds when you enjoy your own grapes. Berries are slightly smaller and darker than the famous Concord but otherwise there is a close resemblance.

Nice plants, \$1.00 each, 2 for \$1.85 delivered.

Golden Muscat: A fine large golden grape with fine aromatic qualities of the famous California Muscat and the hardiness of the Eastern kinds. Berries are large, juicy, tender, sweet, and aromatic. An outstanding grape that brings the fine table qualities of the tender California kinds to the rest of the country.

Nice plants \$1.00 each, 2 for \$1.85 delivered.

Peaches

Champion: A large white midseason peach. Skin is creamy-white with red markings at side. Flesh is white with some red at pit, and free from the stone.

Elberta: Best known of all peaches. This was the first all yellow freestone peach that combined size, quality, and hardiness. Still the leading peach in most places. Ripens in mid-August.

Golden Jubilee: An early peach of large size and fine flavor. Skin and flesh are yellow, and juicy. Ripens about the end of July. A freestone variety. A good variety in orchards for pollinizing.

Hale-Haven: A fine large peach that is ripe about the first of August. Color is golden with attractive red cheek. Juicy, with fine flavor. Excellent for market, shipping, or home use. Quite hardy. Freestone.

J. H. Hale: A very large peach of golden color with red markings. One of the standard varieties of peach that does well over a wide area. For best results it should be pollinated by some other variety. The freestone fruits ripen about mid-summer.

Polly: This peach is claimed to have the finest flavor of any grown. Fruits are large, light yellow with crimson blush. The flesh is white, free of stone, juicy, and with a marvelous flavor. Originated in Iowa, it is hardy. Recommended for home garden or local market, not a good shipper.

Red Haven: An early peach of a good red color over most of the skin. Flesh is yellow with some red near pit. Flavor is fine and sweet. Fruit ripens early and colors well even before fully ripe. Freestone.

Prices on all Peaches (including delivery)

	1-4	5-9	10 and up
3-5 feet tall	\$.98 each	\$.93 each	\$.89 each
4-6 feet tall	1.39 each	1.35 each	1.29 each

Apples

- Anoka:** Very early bearing. Generally fruits within two years after planting. Fruits ripen in summer and are large with red and yellow markings. Usually hardy and heavy bearing.
- Double Red Delicious:** This is an allred strain that is colorful. The large dark red fruits are favorites for market or home. Fine for winter storage.
- Yellow Delicious:** Similar to the famous Delicious apple but a light golden color that is attractive.
- Deluxe:** A golden apple with a red cheek. Ripens in June. Fruits are very large and have an excellent flavor. Fine for eating and cooking. Good in the South as the fruit ripens ahead of summer droughts.
- Grimes Golden:** A fine yellow winter apple. Flesh is yellow, firm, crisp, and juicy. The tree is hardy and a regular bearer. Fine for eating and cooking.
- Dark Red Jonathan:** One of the country's best known apples. A fine spicy apple; this strain has a solid red color that is much more attractive than the older mottled strains. Trees bear young. One of the leading winter apples.
- Lodi:** A new apple that bears very young. Fruit is yellow and ripens with Yellow Transparent. In many ways this is an improved Yellow Transparent which stores and ships better. A fine summer apple for home or market.
- Dark Red Stayman:** A fine large winter apple of the winesap group. This strain has large dark red fruits that are very appealing to the eye. Fruit is crisp, juicy and aromatic. Trees are very productive.
- Winesap:** A great favorite. Fine spick flavor, good keeping qualities, and an attractive bright red color added to desirable bearing habits of the plant, make this one of the very top commercial apples.
- Yellow Transparent:** One of the great summer favorites. Large light yellow fruit ripening in June are regularly produced every year. Fruits are too soft for much shipping but are fine for home and local market use.

3-4 feet high	\$.75 each	.70 each	.65 each
4-5 feet high	1.00 each	.95 each	.90 each

Pears

- Bartlett:** The most famous pear grown. Large, sweet, juicy fruits ripen early and are delicious right from the tree. Trees bear large crops regularly. This is one of the finest and most widely used pears in the world.
- Douglas:** A grand new pear that is becoming more popular yearly. Large golden fruits have a red cheek. The flavor and juiciness are similar to Bartlett and in addition are produced on very young trees. One of the most dependable pears.
- Kieffer:** Best of the winter pears. The large golden fruits ripen in late fall and store well. The flavor and mellowness improves with storage. Good shipper.
- Copes Seedless:** A fine pear ripening in September. Bears young and regularly. The fruits which resemble Bartlett in color and flavor are virtually seedless and coreless. Kindly add 25c to the price of each tree of this fine variety.

Apricots

Superb: A hardy apricot that originated from Russian stock. Fruit is rich orange ripening over a three week period. Flesh is firm and delicious. Very productive. As hardy as peaches.

Early Golden: A deep golden fruit that is excellent for eating and canning. The tree is rather small and bears young and heavily. Of Chinese ancestry this is quite hardy. Fruits are juicy and ripen right after cherries.

Apricot Prices (See Plums)

Plums

Abundance: A red midseason plum with yellow flesh. Tree bears regularly and heavily.

Burbank: A large cherry-red plum. Firm and sweet. Tree is hardy and vigorous. Be sure to include both Abundance and Burbank in each planting for pollination.

Stanley: The large blue prune-plum that is so well-liked. Plants are hardy and bear large crops. Best known of the blue plums.

Shropshire Damson: The small black late plum used for pies, jams, preserves. Plant some for unequaled fruit delicacies. Plants bear heavily.

Hanska: A hardy plum hybrid from the plains. Fruit is bright red, good quality and fragrant. Starts bearing the second year and continues regularly. Ripens in August. Needs cross-pollination. Plant near another American plum.

Opata: Another hardy hybrid from South Dakota. A medium plum with red skin and green flesh. Flavor is sweet and pleasing. Bears very young and regularly. Ripens in July. Plant near Hanska or another American plum for pollination.

Plum and Apricot Prices (including delivery)

3-4 feet tall	\$1.50 each	\$1.45 each	\$1.40 each
4-5 feet tall	1.75 each	1.70 each	1.65 each

Pie Cherries

Gilbert Montmorency: The extra hardy, dependable bright red sour cherry ripening in July. Most widely grown of all cherries.

Early Richmond: Ripens about ten days ahead of Montmorency. Earliest of the pie cherries. Trees bear young and are hardy. A fine variety for extending the season.

Sweet Cherries

Black Tartarian: The big black-skinned black-fleshed juicy soft sweet cherry that is so delicious.

Napoleon: A big luscious yellow cherry with a red cheek. Also known as Royal Anne. Best of the yellow sweet cherries. Sweet cherries must be cross-pollinated include both varieties in your planting.

Kansas Sweet: A new variety. Similar to the pie cherries in growth and appearance but a darker red and a wonderful sweet flavor that is the equal of the sweet dessert cherries. Self-fertile. This was originated in Kansas and is much hardier than other sweet cherries.

Prices on Cherries (including delivery)

Cherry-Plums

These are hybrids between the dwarf sand cherry and an oriental plum. They are very hardy, bear young, and are small bushy trees. They may be grown either as trees or bushes depending on the room available. Fruits are as large as sweet cherries, juicy, sweet, and delicious. Plant in the garden for the showy masses of spring flowers and the high quality fruit. Plant both varieties for proper pollination.

Oka: A dwarf shrubby plant with black sweet cherries about an inch in size.

Compass: Fruits are dark red all the way through. Fruits are some larger and plant taller than Oka. Both are very ornamental and useful.

3-4 feet tall	\$1.50 each	\$1.45 each	\$1.40 each
4-5 feet tall	1.75 each	1.70 each	1.65 each

Raspberries

Indian Summer: New everbearing red raspberry. Fruits in spring and fall. Large red fruits that are delicious fresh or canned. Vigorous and hardy. One of the best raspberries ever produced and it has two crops a season.

Latham: The standard red raspberry. Excellent for home or market.

Van Fleet: A fine red raspberry developed especially for the South or other places where hot weather affects fruit. Berries are very high quality.

Sunrise: A splendid hardy red raspberry that is 10 days earlier than Latham.

Cumberland: The most popular black raspberry. Hardy and productive. Very sweet.

New Bristol: Largest of the black raspberries, almost an inch across. A fine new kind that should be in every home garden.

Raspberry Prices (including delivery)

12 plants for \$2.25, 25 for \$4.00, 100 for \$13.95

Boysenberry

Largest of all bush fruits. Berries are sometimes 2 inches long. Wine-red with a fine tart flavor that is delicious fresh or canned. Fruit ripens over a long period. Vines are rather long scrambling and should be trained to low wires. Very vigorous.

**Thornless. Slightly smaller, 6 for \$1.49,
